How to make pride flag flowers

Materials

Construction Paper
Glue Stick
Something to trace. (cup, bowl, stencil, or circle punch)
Template (optional)

Tools

Scissors
Pen or marker
Use any flag below as your inspiration!
1.) Trace and cut out 6 circles from your construction paper. One circle for each color of the flag you are using.

2.) Take and fold each circle in half and crease well. They will look like little tacos.
4.) Place some glue on one side of your folded circle (aka taco). Then place the half circle onto a piece of paper. Next, take the opposite color, from the color wheel, and place it across from your first pedal. Be sure that the open sides of your half circles are pointing away from each other.

5.) Fill in with the rest of the colors in ‘Flag order’. And you're done!
