The University of Iowa TRIO Upward Bound Project

SUMMER MATH INSTRUCTOR

BASIC FUNCTION AND RESPONSIBILITY
To create and teach an engaging Mathematics course to high school students in the Upward Bound summer program. Each course meets three hours per week in a Monday, Wednesday, Friday format to simulate the structure of a college course (180 instructional minutes per week). Instructors may also be responsible for supervising assigned study halls.

CHARACTERISTIC DUTIES AND RESPONSIBILITIES

Instructional duties:

- Create an engaging grade-level appropriate math course curriculum and syllabus for each course taught. Courses should include career exploration in fields related to math.
- Effectively implement curriculum developed for each course, utilizing a variety of teaching techniques, including cooperative learning approaches, interactive labs, and computer interactive technologies.
- Instruct students in specific study and logic strategies for math.
- Familiarize students with college expectations unique to the study of math.
- Develop and administer a course-specific pretest and posttest, and deliver data to Educational Specialists upon completion of the course.
- Develop and implement math-themed field trip to compliment course material (optional).
- Update staff on student progress weekly.

Other duties:

- Facilitate structured study time during the day before or after class meetings.
- Alert Project Director and Educational Specialists to student issues as they arise.
- Attend Upward Bound staff orientation and training sessions during the spring and summer.
- Attend weekly Upward Bound staff meetings.
- Other duties as assigned.

SUPERVISION RECEIVED
Math instructors receive functional supervision from the Educational Specialists. The Upward Bound Project Director maintains administrative supervision over all summer program staff.
QUALIFICATIONS

Required:
- Bachelor’s degree
- Ability to employ a variety of teaching strategies, including cooperative learning
- Ability to teach the reasoning process involved in the study of math
- Ability to handle multiple assignments, conflicting demands and priorities

Desired:
- Current certification to teach math at the secondary level
- Experience teaching math to high school students
- Experience incorporating computer technology into teaching and learning
- Experience working with students from low-income backgrounds, multiethnic backgrounds, and/or who are potential first-generation college graduates

SALARY RANGE

$1,200-$1,800 (per course) for five weeks of service

Applicants may apply to teach up to three courses. Employee training stipend included in salary; attendance at staff training is required. Position may include optional evening and weekend activities.
